**Online Education**

1. Does all programs/courses were completed on time.

Yes

2. Measures taken to complete the syllabus of courses and programs.

Online Learning Management System (LMS) was created to reach out the students. Faculty were trained extensively on the effective use of LMS. Various options like Data tracking, Personalized user experience, Offline learning trackers, Automated alerts and notifications, Centralized learning materials, Flexible reporting and analytics, Smart scheduling tools, Hosting options for maximum security etc. were explored by the faculty.  
Video recordings of each session are shared with the students for further references. In addition to this, all online resources like NPTEL, MIT Open Courseware etc. for each course were shared to the students. To retain the attention of students, quizzes were conducted periodically.  
Virtual Labs were introduced for all the laboratory works.  
Exams were conducted using AMCAT tool. Online proctoring, as well as technical support, was available during exams; in addition, students had facility to post an online petition with screenshots in case of facing any technical problem that would prevent quiz/exam completion. After checking with the IT team, professors had the right to accept the petition and conduct a make-up quiz/exam for students.  
The capacity of the university's bandwidth and data center was enhanced to accommodate the online classes and the session recording and backups.

3. The period of delay in completion of syllabus (in months).
