Department of Information Technology

IT's HORIZON

Vol-8 Issue-2, July 2021

A Bi-Annual Newsletter

 **2020**

Department of Information Technology

VISION

To evolve as a centre of excellence for Information Technology Pedagogy and achieve the excellence for future Research and Development in the relevant field.

MISSION

To impart high quality education in Information Technology for Under Graduate and Post Graduate students by providing concepts, exposure to practical knowledge and improving the leadership qualities, professional ethics, analytical thinking as to work with a commitment to excel in their careers.

PROGRAM EDUCATIONAL OBJECTIVES

PE01: Graduate should be a sound foundation in the mathematics, science and technology, necessary to analyze & solve real world problems and to prepare them for Graduate Studies and Research.

PE02: To solve engineering problems in the Information Technology domain with appropriate tools, use the knowledge gained in core theory and practical curriculum subjects.

PE03: Opportunities are provided for graduates to work as part of teams on various projects which are multidisciplinary in nature requiring logical and programming skills.

PE04: Graduates should take up higher education or employment positions with good communication and presentation skills in the Information Technology field.

Congratulations

Mr. M Bala Suresh

18H61A1230

III-B.Tech,IT

ANURAG
UNIVERSITY

For getting
placed in

ACCOLITE DIGITAL
Transforming the Future, Now

Role: Software Engineer

Package : 8 Lakhs Per Annum

- * Ms. G Saisri, Mr. N Santhosh, Ms. N. Saisri, Ms. R. Sri Durga, Mr. D Nitish and Ms. P Shivani of IV Year II Semester got selected for Accenture and Temenos with a package of 6.5 LPA.
- * Ms. Ch Chandana, Mr. S GokulaPradeep, Ms. V Akhila, Mr. Y. Rushikesh Reddy and Mr. M Pramod Reddy of IV Year II Semester got selected for NTT Data, Infosys- HackwithInfy and FelixAI with a package of 5 LPA.

Student Articles

Values:
The
engine
for your
choices.

V. SUJANA
19H61A12B3

LET OUR VALUES DRIVE OUR CHOICES !!

*“Life is too short, You Only Live Once” YOLO.
So make the best decisions and choices in that.*

*So, let's stop saying ourselves ----“I'm not good enough, instead
Tell yourself I'm good enough, just as I am”
Tell yourself even Louder---“I deserve to be happy”*

Hardest decisions, bad decisions and unworthy decisions comes from pain, anger and sorrowness. In that pain we don't remember that “PAIN IS TEMPORARY” but the “CHOICE AND THE CONSEQUENCES OF THE CHOICE WE MADE IS PERMANENT”.

So , Whatever the emotion you are going through whether it may be happiness or sadness, whether it may be positive or negative, whether it may be success or failure think properly before u make a decision. Let the “REAL YOU” make the decisions not the “SUFFERED YOU” .(the yourself(the one) who has gone through the pain).

The decision you make is like a index of you are character, which depicts the values you have and the kind the person you are. So think twice before you make a decision.

For example:- As a student,if you are making a project you must not think to do project so that you can score well, or you will be placed in a good company. But you need to think in such a way that, by doing this project, I need to gain knowledge and I need to learn this particular skills. So, if you think in such a way automatically by learning skills and knowledge you will be placed in a good company.

This is how the thinking or decision making process should be. So, Inorder to think in such a way you need to know the difference between good and bad , positive and negative and moreover you should have bunch of good qualities and values that shapes your personality and which drives you to make the best decisions in life. The person who has the great values and great qualities is the richest person .

Life is like a flight journey, where we don't know about takeoff and landing that when where and how it will happen likewise our birth and death. So, in between that we have a small thing called life where we can live as we like .So , in that small phase called life “Let all our Values Drive our Choices” and create our own best , happiest and inspirational book called “LIFE IN OUR JOURNEY”.

Workshops Conducted for Students

S. No	Name of the Workshop	Dates	No. of Students Benefited
1	One Week workshop on "HTML5 & CSS3"	22/04/2021 to 24/04/2021	156
2	One Week workshop on "Java Fundamentals and Foundations "	26/04/2021 to 1/5/2021	222
3	Three - Days workshop on "AI with ML in Java"	24/05/2021 to 26/05/2021	112

One Week workshop on “HTML5 & CSS3 ”

Theme of the Workshop:

Three-day workshop helps students to get practical exposure on web page construction using tools

Objectives of Workshop:

The objectives of the workshop are to:

- ⦿ Describe the functions of Hypertext Markup Language (HTML) in Web communications.
- ⦿ Apply cascading style sheets to construct application.
- ⦿ Create a web page.

Profile of the Speaker:

Ms. Rajaswi Valusa, Technical Trainer and Corporate Relations, Telangana Academy for Skill & Knowledge, Department of ITE&C, Telangana.

Content Delivery:

- ⦿ Basic HTML elements to create web pages.
- ⦿ HTML tags and attributes to control a web page's appearance.
- ⦿ Add absolute URL, relative URL, and named anchors to web pages.
- ⦿ Use of tables and frames as navigational aids on a web site.
- ⦿ Web page construction tools

Throughout the workshop, students were seemed very enthusiastic and are actively performed various Programs on HTML & CSS. Students gained a familiarity with HTML & CSS and enough skill and confidence to undertake progressively more complex web site projects on their own.

Outcomes of Workshop:

At the end of the workshop, students can be able to:

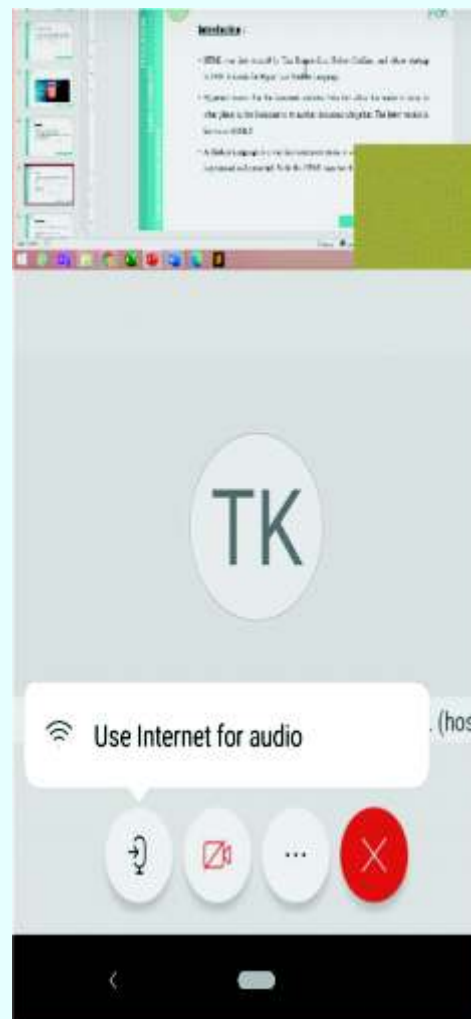

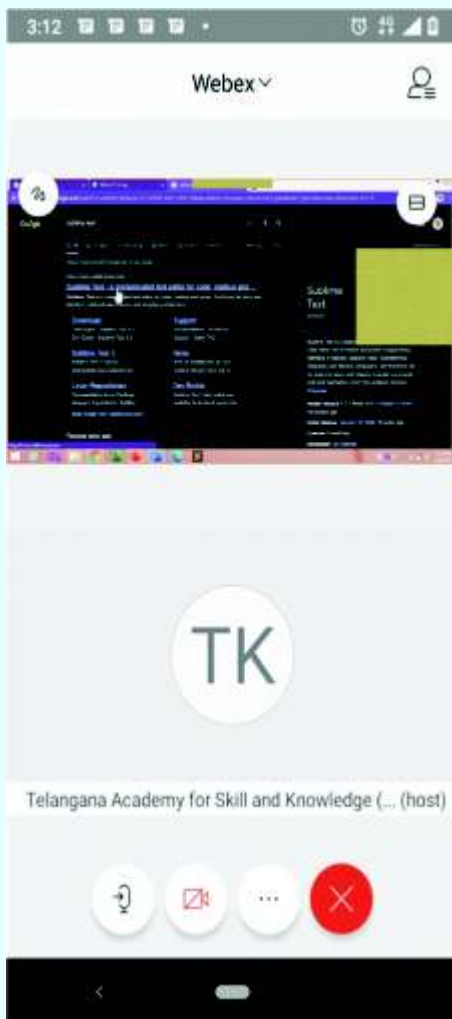

1. Describe the function of Cascading Style Sheets (CSS) in Web communications and describe the relationship between CSS and HTML.
2. Identify the parts of HTML and CSS files.
3. Create a static webpage using HTML

ANURAG GROUP OF INSTITUTIONS
A Decade of Excellence
(Formerly CVSR College of Engineering)
 Venkatapur (V), Ghatkesar (M), Ranga Reddy (Dist.) - 501 301

DEPARTMENT OF INFORMATION TECHNOLOGY
THREE DAYS WORKSHOP
 on
HTML5 AND CSS3
 by
MS. RAJASWI VALUSA
 Technical Trainer & Corporate Relations
 Telangana Academy for Skill & Knowledge, Department of ITE&C Telangana

Venue : Online Date : 22nd - 24th April 2021 Time : 3 PM to 6PM

A total of 156 students are participated from II B.Tech II Semester. The students were actively participated in the discussion and gained hands-on experience with HTML & CSS through this workshop. It was inaugurated by expert lecture of Ms. Rajaswi Valusa, Technical Trainer and Corporate Relations, Telangana Academy for Skill & Knowledge, Department of ITE&C, Telangana.

II B.Tech II Sem –A & B Students attending training program.

One Week workshop on Java Fundamentals and Foundations

Theme of the Workshop:

To provide opportunity for students to enrich their knowledge in the area of Object Oriented Programming and is focused on developing internet business applications using Java.

Objectives of Workshop:

The objectives of the workshop are to:

- ⊙ Discuss the basic concepts and techniques which form the OOP paradigm.
- ⊙ Implement object-oriented designs with Java.
- ⊙ Design and program stand-alone Java applications.

Profile of the Speaker:

Mr.Ramesh Korivi, Technical Trainer and Corporate Relations, Telangana Academy for Skill & Knowledge, Department of ITE & C, Telangana.

Content Delivery:

Day 1 – Module 1: Introduction to Java, Java Software Development, Java Data Types

Day 2 – Module 2: Methods, Library Classes, Conditional statements

Day 3 – Module 3: Looping statements, Creating Classes, Arrays and Exceptions

Day 4 – Module 4: Inheritance, Packages, Interfaces

Day 5 – Module 5: Exception Handling, Multithreading, Multithreading

Day 6 – Module 6: Java IO, Introduction to Java GUI - Applets & AWT

Throughout the workshop, students were seemed very actively participated in the discussion and performed various Programs on Java. students gained a knowledge on family of Java technologies and enough skill and confidence to undertake progressively more complex Java projects on their own.

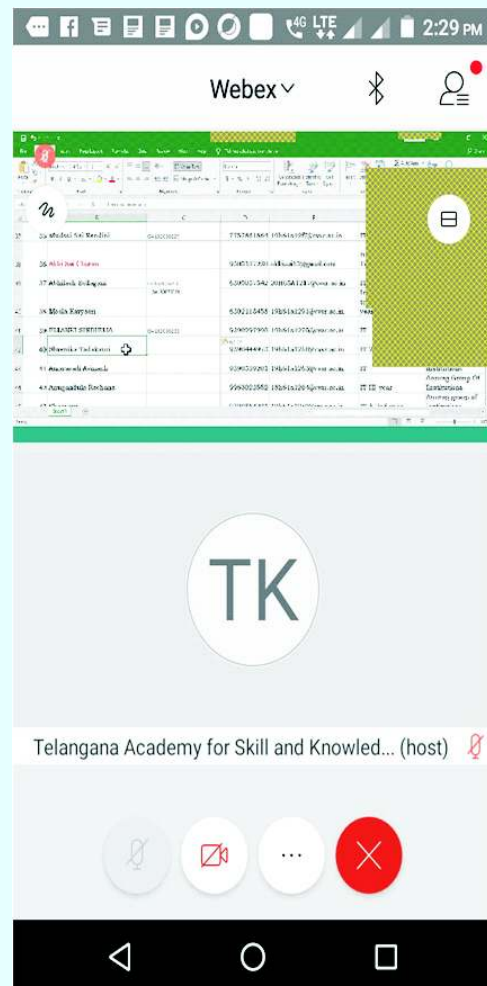

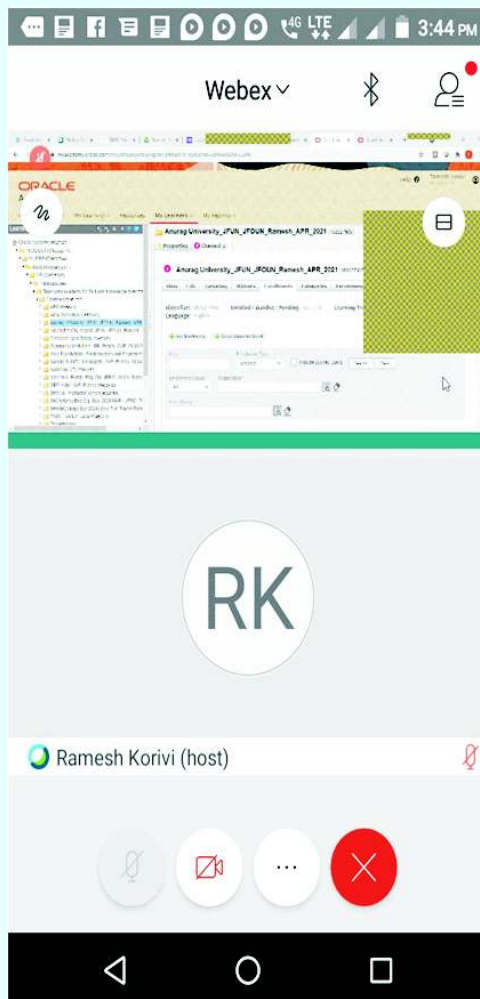

Outcomes of Workshop:

At the end of the workshop, students can be able to:

1. Summarize the fundamentals of object-oriented programming in Java, including defining classes, interfaces, creating objects, invoking methods, using packages etc.
2. Make Use of Java SDK environment to create, debug and run simple Java programs.
3. Write a computer program to solve specified problems.

A total of 222 students are participated from II & III B.Tech II Semester. The students were seemed very enthusiastic and gained hands-on experience with Java programming and its object-oriented features in the training program. It was inaugurated by expert lecture of Mr.RameshKorivi, Technical Trainer and Corporate Relations, TelanganaAcademy for Skill & Knowledge, Department of ITE&C, Telangana.

II & III B.Tech II Sem –Students attended training program

Three - Days workshop on “AI with ML in Java”

Theme of the Workshop:

To provide opportunity for students to learn more about Artificial Intelligence (AI) with Machine learning and how to use Machine learning and AI algorithms to solve real world problems.

Objectives of Workshop:

The objectives of the workshop are to:

- Familiarize the concepts of supervised and unsupervised learning models
- Implement machine learning algorithms using Java programming

Profile of the Speaker:

Mr. P. Arun Reddy, Technical Trainer and Corporate Relations, Telangana Academy for Skill & Knowledge, Department of ITE & C, Telangana.

Content Delivery:

Day 1 – Module 1: Introduction to AI, examples of using artificial intelligence, Data and Information

Day 2 – Module 2: Machine Learning, Machine Learning Workflow

Day 3 – Module 3: Trees and Recursion, Binary Trees, Tree Traversal

This workshop inculcates the skills to students on Java Foundations and Java Programming. Students are familiar in Machine Learning concepts within Artificial Intelligence and learnt terminologies, syntax, and the steps required to create a solution in Java through hands-on, engaging activities.

Outcomes of Workshop:

At the end of the workshop, students can be(will be) able to:

1. Learn the (implement) different machine learning techniques using Java libraries
2. Summarize all the basic concepts of Artificial Intelligence and how it is applied
3. Building intelligent agents (search, games, logic, constraint satisfaction problems)

DEPARTMENT OF INFORMATION TECHNOLOGY

3 DAYS TRAINING PROGRAM

On

AI WITH ML IN JAVA

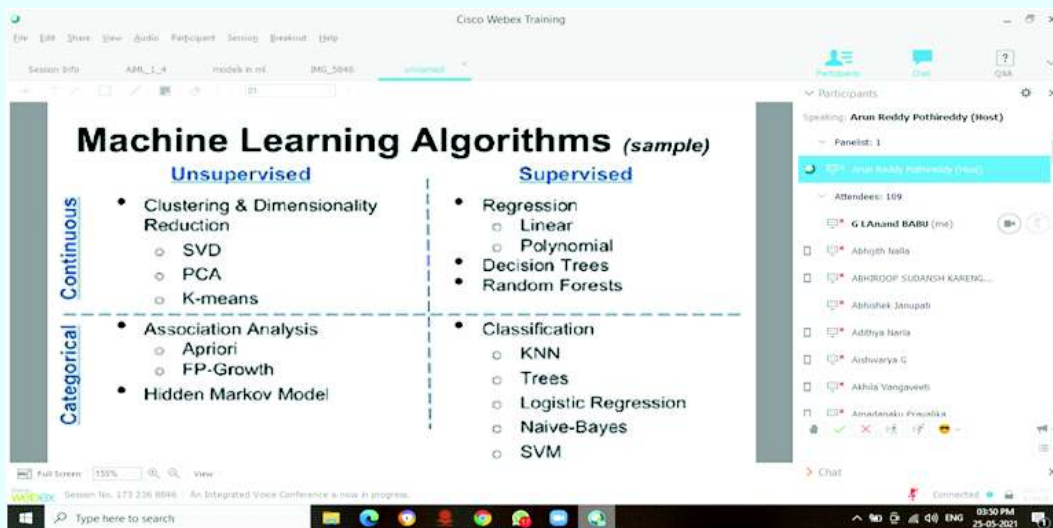

by

Mr. P. ARUN REDDY

Technical Trainer & Corporate Relations
Telangana Academy for Skill & Knowledge, Department of ITE&C Telangana

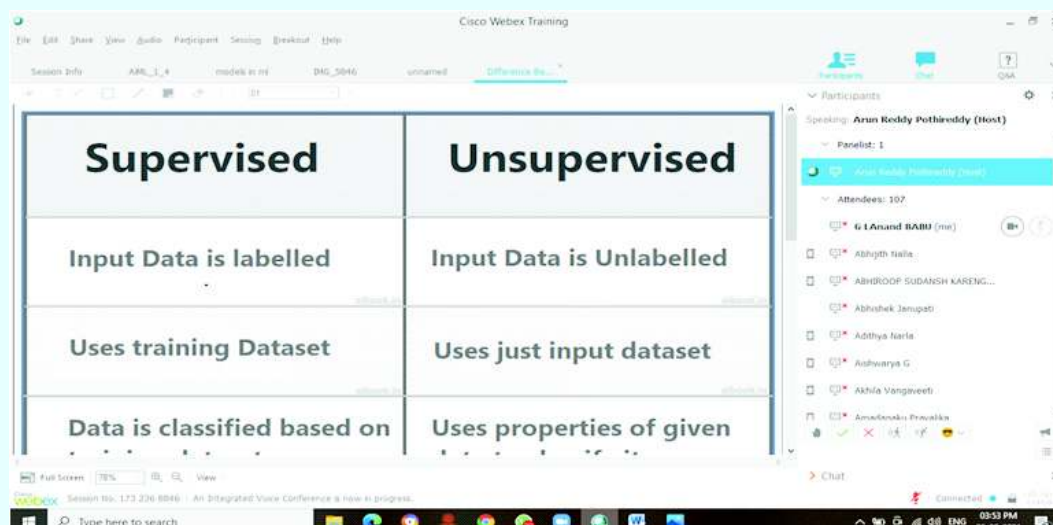

Venue : Online
Date : 24th - 26th May 2021
Time : 3 PM to 6PM

A total of 112 students are participated from III B.Tech II Semester (A& B Section). The students were seemed very enthusiastic and acquired knowledge from 3-days workshop. It was inaugurated by expert lecture of Mr. P.Arun Reddy, Technical Trainer and Corporate Relations, TelanganaAcademy for Skill & Knowledge, Department of ITE&C, Telangana.

Data is classified based on	Uses properties of given

III B.Tech II Sem –A & B Students attending training program.

Placements - 2017 - 21

- ◎ 89 Students of IV Year II Semester (Batch 2017-21) have been selected in various companies like Capgemini, Cognizant, Infosys, TCS, Wipro, Hexaware, NTT Data, Temenos, Accenture, Sutherland and in other companies.
- ◎ The total number of offers are 206 till June 2021.
- ◎ Ms. Harini and Mr. Anirudh of IV year II Semester got selected for TCS Digital with a highest package of 7.02 LPA.
- ◎ Ms. G Saisri, Mr. N Santhosh, Ms. N. Saisri, Ms. R. Sri Durga, Mr. D Nitish and Ms. P Shivani of IV Year II Semester got selected for Accenture and Temenos with a package of 6.5 LPA.
- ◎ Ms. Ch. Chandana, Mr. S GokulaPradeep, Ms. V Akhila, Mr. Y. Rushikesh Reddy and Mr. M Pramod Reddy of IV Year II Semester got selected for NTT Data, Infosys- HackwithInfy and FelixAI with a package of 5 LPA.

LIFE IS A JOURNEY !!

"Sometimes life gets hard on you, not to push you down, but to say keep moving. Not every problem in life means it's bad."

Life is a journey filled with lessons, hardships, heartaches, joys, celebrations and special moments that will ultimately lead us to our destination, our purpose in life. The road will not always be smooth; in fact, throughout our travels, we will encounter many challenges.

Some of these challenges will test our courage, strengths, weaknesses, and faith. Along the way, we may stumble upon obstacles that will come between the paths that we are destined to take.

In order to follow the right path, we must overcome these obstacles. Sometimes these obstacles are really blessings in disguise, only we don't realize that at the time.

Along our journey we will be confronted with many situations, some will be filled with joy, and some will be filled with heartache. How we react to what we are faced with determines what kind of outcome the rest of our journey through life will be like.

When things don't always go our way, we have two choices in dealing with the situations.

·We can focus on the fact that things didn't go how we had hoped they would and let life pass us by, or

·We can make the best out of the situation and know that these are only temporary setbacks and find the lessons that are to be learned.

·Time stops for none, and if we allow ourselves to focus on the negative we might miss out on some really amazing things that life has to offer. We can't go back to the past, we can only take the lessons that we have learned and the experiences that we have gained from it and move on. It is because of the heartaches, as well as the hardships, that in the end help to make us a stronger person.

The people that we meet on our journey, are people that we are destined to meet. Everybody comes into our lives for some reason or another and we don't always know their purpose until it is too late. They all play some kind of role. Some may stay for a lifetime; others may only stay for a short while.

It is often the people who stay for only a short time that end up making a lasting impression not only in our lives, but in our hearts as well. Although we may not realize it at the time, they will make a difference and change our lives in a way we never could imagine. To think that one person can have such a profound affect on your life forever is truly a blessing. It is because of these encounters that we learn some of life's best lessons and sometimes we even learn a little bit about ourselves.

People will come and go into our lives quickly, but sometimes we are lucky to meet that one special person that will stay in our hearts forever no matter what. Even though we may not always end up being with that person and they may not always stay in our life for as long as we like, the lessons that we have learned from them and the experiences that we have gained from meeting that person, will stay with us forever.

It's these things that will give us strength to continue on with our journey. We know that we can always look back on those times of our past and know that because of that one individual, we are who we are and we can remember the wonderful moments that we have shared with that person.

Memories are priceless treasures that we can cherish forever in our hearts. They also enables us to continue on with our journey for whatever life has in store for us. Sometimes all it takes is one special person to help us look inside ourselves and find a whole different person that we never knew existed. Our eyes are suddenly opened to a world we never knew existed - a world where time is so precious and moments never seem to last long enough.

Throughout this adventure, people will give you advice and insights on how to live your life but when it all comes down to it, you must always do what you feel is right.

Always follow your heart, and most importantly never have any regrets. Don't hold anything back. Say what you want to say, and do what you want to do, because sometimes we don't get a second chance to say or do what we should have the first time around.

It is often said that what doesn't kill you will make you stronger. It all depends on how one defines the word "strong". It can have different meanings to different people. In this sense, "stronger" means looking back at the person you were and comparing it to the person you have become today. It also means looking deep into your soul and realizing that the person you are today couldn't exist if it weren't for the things that have happened in the past or for the people that you have met.

Student Testimonials

Sai Sri Gidge
17H61A1216

I, Gidge Saisri from the Department of Information Technology, would like to express my thoughts towards Anurag University for contributing towards my success. The Faculty are very encouraging and showed their genuine desire to help students to achieve their goals. Firstly, I would like to thank our HOD, Dr. K Sudheer Reddy sir and the entire faculty who always supported and motivated us to have a positive attitude, and helped us to gain knowledge and confidence.

I would also like to thank the Training and Placement Department especially our placement head Dr. K. Mamatha mam for their efforts in imparting quality training. They have conducted many placement trainings and those trainings helped us in clearing the written tests and interviews, which helped us getting placed into our dream companies. I am very grateful to them for their help to grab my first ever opportunity

My four years at AGI were great and a memory to cherish for lifetime. It was full of learning and grooming oneself. It gave me an opportunity to meet different kind of people and learned many things. I studied B. Tech in IT from this college. I am thankful to all the faculties and mentors of IT department. The relationship between faculties and student is very cordial, which gave me an opportunity to excel in my area of interest. The Training and Placement cell is very supportive and they have conducted various sessions which helped me to get placed in various companies like Infosys, TCS, FelixHealthcare.AI and CTS. Overall, it was a great experience and lifetime memory at AGI.

Nitish Debbadi
17H61A1274

I, Mr. Nitish Debbadi would like to express my sincere gratitude to the Anurag group of Institutions for guiding me on every step of my professional career. The institute has provided me the best possible platform and infrastructure to enhance my skills over the years. Especially, the training and placement programs have helped me a lot in enhancing my technical and soft skills. The constant encouragement and support from all the expert faculty members of IT department has given me immense confidence and capabilities to face the market expectations. During my time at the institute, I was introduced to various certification programs, projects, workshops and internship opportunities which gave me good exposure. I'm really thankful to the department of IT for playing a pivotal role in shaping my career which eventually helped me in getting multiple job offers.

I am thankful to all the faculty members of the IT department for their continuous efforts and support. Apart from excellent academic experience, I also gained the benefits of being a part of Student body clubs. I am also grateful for all the great placement opportunities we, students, have been provided alongside with necessary resources required. I can proudly say I have been placed at two reputed companies. It's all been possible because of our department who guided and encouraged us at each step in securing the placements.
