

IT_s HORIZON

A Bi-Annual Newsletter

Vol-9 Issue-2, June 2022

DEPARTMENT OF INFORMATION TECHNOLOGY

 **ANURAG**
UNIVERSITY | SCHOOL OF
ENGINEERING

Congratulations

For getting placed in

amazon

Role : DATA ENGINEER

Package : 28 LPA

Konduru Laxmi Narsimha

18H61A1291

IV B.Tech, IT

II Sem - 2022 Passed out.

 **ANURAG**
UNIVERSITY

VISION

To be a leading university that provides transformative education and research to create leaders and innovators of tomorrow and to expand frontiers of knowledge for the betterment of society.

MISSION

1. To prepare students to think creatively, broadly, critically and create an ecosystem for innovation and entrepreneurship from which the leaders and innovators of tomorrow emerge.
2. To create an interdisciplinary ambiance to understand and solve real-world problems thereby contributing to the growth of the nation and humanity.
3. To build relationship with industry, research organizations and academia to strengthen the ecosystem.

Department of Information Technology

The Genesis

The Department of Information Technology has conceptualized in the year 2007. The Department has started a Program in B. Tech. Information Technology with an intake of 60. The Department has been accredited by National Board of Accreditation (NBA in Tier-1) in 2015. By virtue of it, the intake has been enhanced from 60 to 120 with effect from the academic year 2016-17. The Department has been re-accredited by NBA in 2018 (in Tier-1). The intake has further enhanced to 180 from 2019-20.

What do we do?

Department of Information Technology provides Quality teaching with a blend of hands-on project-based learning, Head-start careers, Social and Collaborative learning

Quick Facts

It is pertinent to mention that department is maintaining:

- ⊙ 100% Admissions
- ⊙ Excellent Placement Record (over 80%)
- ⊙ Above 90% Pass Percentage
- ⊙ Excellent Teaching-Learning Environment
- ⊙ Highly qualified and committed faculty members with good academic and research experience
- ⊙ Usage of ICT (Information and Communication Technology)
- ⊙ Implementing best practices and processes to achieve Outcome Based Education System
- ⊙ Active Professional Society chapters of ISTE, IEEE, ACM, CSI and Code Chef.

School of Engineering

Department of Information Technology

VISION

To produce global professionals who will make a mark in the Society, by infusing excellence in Education and Research.

MISSION

M1: Provide holistic education to instill algorithmic thinking and creativity by leveraging best-in class infrastructural facilities.

M2: Strong liaison with industry, academia, research organizations and Govt. for academic enrichment.

Programme Educational Objectives (PEOs)

PEO-1: Graduates will be able to take up the professional responsibilities and effectively communicate with diversified teams.

PEO-2: Graduates will have the commitment towards the sustainable development for the advancement of the society by adhering ethics and values.

PEO-3: Graduates will practice lifelong learning in producing innovative solutions for complex problems.

Programme Specific Outcomes (PSOs)

PSO1: Professional Skills: The ability to understand, analyze and develop software solutions.

PSO2: Problem-Solving Skills: The ability to apply standard principles, practices and strategies for software development.

PSO3: Successful Career: The ability to become Employee, Entrepreneur and/or Life Long Learner in the domain of Computer Science.

School of Engineering

Department of Information Technology

Programme Outcomes

1. **Engineering Knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
2. **Problem Analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. **Design/Development of Solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
4. **Conduct Investigations of Complex Problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
5. **Modern Tool Usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
6. **The Engineer and Society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
7. **Environment and Sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
8. **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
9. **Individual and Team Work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
10. **Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. **Project Management and Finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
12. **Life-Long Learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Department Achievements

Faculty Achievements

- ◎ Dr. M. S. Hema, Associate Professor has got Best Paper Award for the paper "Identification and Classification of Brain Tumor using Convolutional Neural Network with autoencoder Feature Selection" at 5th International Conference on "Emerging Technologies in Computer Engineering: Cognitive Computing and Intelligent IoT" at Swami Keshvaanand Institute of Technology, Management & Gramothan, Jaipur.
- ◎ Mrs. Y. Sowjanya, Assistant Professor is provisionally registered to undergo Ph.D programme at Anurag University.
- ◎ Mr. B. Pruthvi Raj Goud, Assistant Professor and Mr. K. Praveen Kumar, Assistant professor is provisionally registered to undergo Ph. D programme at JNTUH
- ◎ Mr. B. Ravi Raju, Assistant Professor is provisionally registered to undergo Ph. D programme at JNTUK.
- ◎ Mrs. N. Nagalakshmi, Assistant Professor is provisionally registered to undergo Ph. D programme at SVU.

Students Achievements

- ◎ Mr. B. Nikhil of III B. Tech II Semester bearing Hall Ticket No. 19H61A12C6 was selected for TCS with a package of rs. 3.6 LPA.
- ◎ Mr. B. Sathvik of III B. Tech II Semester bearing Hall Ticket No. 19H61A1204 was selected as Intern in EUNIMART.
- ◎ Mr. Meet Vadoriya of IV B.Tech II Semester bearing Hall Ticket No. 18H61A1298 was selected as Intern in MSCl with a stipend of Rs. 64,800 per month.
- ◎ 102 Students (Batch 2019-23) have been selected as intern in Talentserve with a stipend of 10K to 30K.
- ◎ 111 Students (Batch 2018-22) have been placed for various companies like Amazon, Darwinbox, CISCO, Accolite Digital, Infosys, Virtusa, Cognizant, LTI, Capgemini, Hexaware, Value labs, Brillio, Wipro, IBM, TCS, Accenture, PWC, Wave Labs, EPAM, Sutherland, MAQAI, MuSigma, Mphasis, Temenos, Six Phrase, HCL.
- ◎ The total number of placement offers are 313 till June 2022 for the Batch:2018-22
- ◎ Ms. K. Madhu Shalini secured first prize in DeCipher the Code event which was conducted as a part of Daksha 2022 and won a cash prize of 1500/-.
- ◎ Mr. K. Vamshidhar Reddy secured second prize in DeCipher the Code event which was conducted as a part of Daksha 2022 and won a cash prize of 1000/-.
- ◎ Ms. K. Madhu Shalini secured first prize in Clash of Codes event which was conducted as a part of Daksha 2022 and won a cash prize of 1500/-.
- ◎ Mr. M. Manish, Mr. Mohammed. Irfan, Mr. N. Aditya and Mr. Nagaraj got selected as interns at Med Plus with a stipend of INR 15,000 per month.
- ◎ Mr. M. Manish got selected as an intern at Custom Furnish with a stipend of 15,000 per month.

BATCH: 2018 – 22

Hearty Congratulations to all

Selects

Student Certifications

109 Students from B. Tech II,III and IV Year I & II Semester completed certification courses from CISCO, IBM,Coding Ninja, Adobe, edX, Coursera, Udemy, Oracle, NPTEL, Hacker Rank, Infosys and Codechef and got 187 certifications.

S. No	Roll No	Name of the student	Certification Obtained in Course	Organized by	Certified Date (dd/mm/yy)
1	18H61A1297	Jagadeesh Reddy Mandapati	PL/SQL by example- Beginner to Advanced PL/SQL	Udemy	25-02-2022
			Javascript Basics for Beginners	Udemy	21-02-2022
			SQL for Beginners: Learn SQL using MySQL and Database Design	Udemy	25-02-2022
2	18H61A1298	Meet Vaddoriya	Google data analytics	Coursera	26-02-2022
			Google IT Automation with Python	Coursera	13-03-2022
3.	19H61A1201	Ambadipally Manish	Introduction to Packet Tracer	CISCO Academy	22-01-2022
4.	19H61A1203	Avula Padmaja	Introduction to Packet Tracer	CISCO Academy	22-01-2022
5.	19H61A1209	Bussa SaiThrinadh	Introduction to Packet Tracer	CISCO Academy	22-01-2022
6.	19H61A1216	Erigala Yamini	Introduction to Packet Tracer	CISCO Academy	22-01-2022
7.	19H61A1220	Gudipudi Rajeev	Introduction to packet tracer	CISCO Academy	20-01-2022
8.	19H61A1224	K S Kousik	Introduction to Packet Tracer	CISCO Academy	22-01-2022
9.	19H61A1225	K Sai Tarani	Introduction to Packet Tracer	CISCO Academy	12-12-2021
10	19H61A1229	Karrolla Rohith Mithra	Introduction to Packet Tracer	CISCO Academy	21-12-2021
11	19H61A1235	MarikukulaKarthik	Introduction to Packet Tracer	CISCO Academy	22-01-2022
12	19H61A1237	Mohammed Zubair Ahmed	Introduction to Packet Tracer	CISCO Academy	22-01-2022
13	19H61A1241	NarsingNeha	Network essentials	CISCO Academy	17-05-2022
14	19H61A1243	NizampetKushal	Introduction to Packet Tracer	CISCO Academy	08-12-2021
			Network essentials	CISCO Academy	17-05-2022
15	19H61A1244	Potlapally Abhiram Goud	Network essentials	CISCO Academy	08-12-2021

Faculty Publications

S.No	Article Title	Authors	Journal Name, ISSN, DOI	Indexed (WoS / Scopus)	Pub. Date	Cite score / Impact Factor
1	Dynamically Energy Efficient Resource Allocation in 5G C-RAN Using Intelligence Algorithm	V S Rao, A PrasanthRao	EMITTER International Journal of Engineering Technology	Web of Science	June, 2022	4.41
2	Implementing Critical Machine Learning (ML) Approaches for Generating Robust Discriminative Neuroimaging Representations Using Structural Equation Model (SEM)	Mohammed Rashad Baker, D. Lakshmi Padmaja, R. Puviarasi, Suman Mann, JeidyPandro-Ramirez, MohitTiwari, and IssahAbubakariSamori	Computational and Mathematical Methods in Medicine, https://doi.org/10.1155/2022/6501975	Web of Science	April, 2022	2.23
3	A Versatile and Ubiquitous IoT-Based Smart Metabolic and Immune Monitoring System	M. S. Hema, H. Azath, S. Hariharasitaraman, M. Thilagaraj et al.	Computational Intelligence and Neuroscience, 2214-7853, https://doi.org/10.1016/j.mtp.2021.12.322	Web of Science	March, 2022	3.63
4	Plant disease prediction using Convolutional Neural Network	Hema M S, NiteshaSharma,Y Sowjanya et.al	EMITTER International Journal of Engineering Technology, 2443-1168, https://emitter.pens.ac.id/index.php/emitter/article/view/640	Web of Science	December, 2021	4.41
5	Segmentation of optic Disc and cup using Modified Recurrent Neural Network	DrSurendiran J, ArramSriram	BioMed Research International Journal	Web of Science	Accepted	3.41
6	Analysis on Content Based Image Retrieval Using Image Enhancement and Deep Learning Convolutional Neural Networks	Dr. K. BasavaRaju, Dr. K. Ranjith Kumar	International Journal of Early Childhood Special Education, 1308-5581, 10.9756/INT-JECSE/V14I3.509	Scopus	May, 2022	0.29
7	A Novel Intelligent Hybrid Optimized Analytics and Streaming Engine for Medical Big Data	M. Thilagaraj, B. Dwarakanath, M S Hema, S Hariharasitaraman and et al.	Computational and Mathematical Methods In Medicine, 1748-670X, https://doi.org/10.1155/2022/7120983	Scopus	March, 2022	2.23
8	Identification and Classification of Brain Tumor using Convolutional Neural Network with AutoencoderFeature Selection	Hema M S,Y Sowjanya, Nitesha Sharma et.al	International Conference on Emerging Technologies in Computer Engineering: Cognitive Computing and Intelligent IoT (Springer)	Scopus	February, 2022	-
9	Random forest tree classification algorithm for predicating loan	L.Sathishkumar,V.Pandimurugan, D.Usha,M.NageswaraGuptha, M.S.Hema	Materials Today: Proceedings 2214-7853, https://doi.org/10.1016/j.matpr.2021.12.322	Scopus	December, 2021	1.24
10	Extensible Path Planning Intelligent System by Applying Nature Inspired Computing (NIC) Algorithm	A PrasanthRao, Dr.J.Praveen Kumar, Dr Ram Mohan Rao	Design Engineering, 0011-9342	Scopus	September, 2021	1.41
11	Performance analysis of Classification methods for Parkinson's Disease with PPMI Dataset	S. Kanagaraj; M.S. Hema; M. NageswaraGuptha	IEEE International Conference on Advancements in Electrical, Electronics, Communication, Computing and Automation, 978-1-6654-2830-9, https://doi.org/10.1109/ICA-ECA52838.2021.9675588	Scopus	December, 2021	-
12	Sentimental Analysis of Twitter Data using Machine Learning Algorithms	G PremaArokiaMary,M S Hema, R Maheshprabhu, M NageswaraGuptha	IEEE International Conference on Forensics, Analytics, Big Data, Security (FABS), 978-1-6654-2005-1, https://doi.org/10.1109/FABS52071.2021.9702681	Scopus	December, 2021	-
13	Book: Industrial Internet of Things Chapter: Parkinson Disease Prediction and Drug Personalization Using Machine Learning Techniques	M. S. Hema, K. Meena, R. Maheshprabhu, M. NageswaraGuptha, G. PremaArokia Mary	CRC Press, 9781003145004 https://doi.org/10.1201/9781003145004-4	Scopus	November, 2021	
14	Desktop Voice Assistant Using Python	Dr. D L Padmaja, B.Nikhil, G. Deepak	High Technology Letters, 1006-6748	Scopus	November, 2021	2.7

Workshops/ Orientation Conducted to Students

S No	Name of Event	Target Students & count	Resource Person	Event Date	No of Days
1	Workshop on " Block Chain Technologies "	III B.Tech.-204	Dr. Kurra Mallaiah, Scientist, DRDO, RCI Hyderabad.	12-Feb-22	1
2	Workshop on " Java Programming "	II B.Tech. - 60	Mr. Pranay Mutukuloju, Technical Trainer and Corporate Relations, TASK	21-03-2022 to 23- 03-2022	3

Seminar on “Block Chain Technologies”

Theme of the Seminar:

Block chain technology is considered as one of the most popular catchphrases in recent times. One of its successful applications is Bitcoin, a digital crypto currency. The main focus is to present an in-depth coverage of Block chain technology along with most recent applications in research and Industry.

Objectives of Seminar:

The objectives of the seminar are to develop:

1. To introduce the concepts of Block chain and platforms
2. Understand how block chain systems (mainly Bitcoin and Ethereum) work
3. To Introduce Crypto-Currencies

Profile of the Speaker:

Dr Kurra Mallaiah has been working in Defence Research and Development Organization (DRDO) last 20 years as a Scientist. Presently, he is working in Defence Research and Development Laboratory (DRDL) at Hyderabad. He has been instrumental in various DRDO projects.

Content Delivery:

- © Introduction to Block chain fundamentals, Crypto currency & Smart Contracts.
- © Cryptographic applications in Block chain.

Outcome of Seminar:

At the end of the Seminar, students can be able to:

1. Acquire an overview of the structure and mechanisms of Block chain
2. Explain the fundamental characteristics of Block chain using Bit coin

A total of 230 students are participated from III & IV B.Tech. II Semester. The students were seemed very enthusiastic and are actively participated in the seminar. The seminar was inaugurated by expert lecture of Dr. Kurra Mallaiah, Scientist, Defense Research and Development Laboratory (DRDL), Hyderabad.

Dr. Kurra Mallaiah, Scientist, DRDL delivering seminar on Block chain Technologies for III & IV B.Tech. II Sem Students.

Vice Chancellor, Registrar, Faculty members and students of Anurag University are participated in the seminar.

Prof. S. Ramachandram, Vice-Chancellor, Anurag University addressing students and Faculty members.

Prof. S. Ramachandram, Vice Chancellor and Prof. S. Sameen Fatima, Registrar Felicitating the speaker Dr. Kurra Mallaiah with a token of gratitude.

BATCH: 2018 – 22

Hearty Congratulations to all

virtusa

Selects

Three Days workshop on “Java Programming”

Theme of the Workshop:

To provide opportunity for students to enrich their knowledge in the area of Object Oriented Programming and is focused on developing internet business applications using Java

Objectives of Workshop:

The objectives of the workshop are

- ⦿ Understand the basic concepts and techniques which form the OOP paradigm.
- ⦿ Implement object-oriented designs with Java.
- ⦿ Design and program stand-alone Java applications.

Profile of the Speaker:

Mr. M. Pranay, Technical Trainer and Corporate Relations, Telangana Academy for Skill & Knowledge, Department of ITE & C, Telangana.

Content Delivery

- ⦿ Day 1 – Module 1: Introduction to Java, Java Software Development, Java Data Types
- ⦿ Day 2 – Module 2: Looping statements, Creating Classes, Arrays and Exceptions
- ⦿ Day 3 – Module 3: Inheritance, Packages, Interfaces

Outcome of Workshop:

At the end of the workshop, students can be able to:

1. Understand fundamentals of object-oriented programming in Java, including defining classes, interfaces, creating objects, invoking methods, using packages etc.
2. Use the Java SDK environment to create, debug and run simple Java programs.
3. Write a computer program to solve specified problems.

A total of 60 students are participated from II B.Tech. II Semester. The students were seemed very enthusiastic and gained hands-on experience with Java programming and its object-oriented features in the One Week workshop. It was inaugurated by expert lecture of Mr.M.Pranay, Technical Trainer and Corporate Relations, Telangana Academy for Skill & Knowledge, Department of ITE & C, Telangana.

II B.Tech. II Sem Students are attending workshop.

Poster And Paper Presentation

NO REGISTRATION FEE

Topics for poster presentation:

1. Image recognition using AI
2. Social media monitoring using Data science
3. smart city using IOT
4. Health care using IOT
5. key lockers (cyber security)

Team Size:
1-3

Paper presentation:
Paper must be presented on any technical topic related to computer science and information technology

Prizes:
FIRST : 1500/-
SECOND : 1000/-

Participation certificates are issued to every participant

FACULTY COORDINATORS:
DR.D.LAKSHMI PADMAJA - 9848199883
DR.M.S.HEMA - 6363673758

STUDENT COORDINATORS:
BHASKAR - 7989930995

REGISTRATIONS:

A Total of 37 Students have been registered for the event from other colleges including Anurag University.

Winners and Runners list:

There is a Winner and a Runner for our event.

1st prize:

Team: Kanyaraashi.

Topic: Image recognition using AI and ML.

Team members:

1. Poojitha

2. Manan

From : Anurag College Of Engineering (Aushapur)

2nd prize:

Team: Dharana

Topic: Forest fire detection using LORA technology.

Team members:

1. G Tharuni

2. N Rajesh

3. Ch Sri Gowri

4. K Sai Kumar

From: Sreenidhi institute of technology and sciences.

Dept. of IT

Anurag Group of Institutions and its Training and placement cell has helped me and many students like me to get placed in the first phase of placements. We all were tensed in the 6th semester as it was the beginning of the placements journey but our college handled it very well. Training included aptitude and coding concepts as these are the main sections of any placement drive exams. Then on we had Company-specific training which solely focused on the pattern and syllabus of that organization's exam. This training helped us a lot to build our coding and logical thinking. Not only training we had many interactive sessions on placements from resume building to HR interviews. So, in this journey, I not only developed my knowledge but also my personality because attending these kinds of sessions helped me to boost myself and increase my confidence levels. With such positive emotions and intuitions, I have attended the placement drives and got placed in a reputed company which was my dream.

"Stop doubting yourself, work hard and make it happen", this is what our college taught us throughout this journey of placements. I got placed in Accolite Digital with 11 LPA. I would like to thank our Placement Officer Dr. K. Mamatha Reddy Mam the backbone of our success who believed in us and provided us with a pool of opportunities. I would like to thank the HOD of the IT department Dr. K Sudheer Reddy sir for supporting us throughout this journey. Also, a warm thanks to the placement coordinators and all the faculty of the IT Department for believing in us and motivating us throughout this journey.

"Little drops make the mighty ocean"- This is a well-known proverb that is rightly followed by the Placements and Training Division at Anurag Group of Institutions. Here we are exposed to various trainings right from the 2nd year. These trainings helped us to improve both technical and non-technical skills. We were tested on various online platforms such as Hacker rank, AMCAT.

These trainings made my placement journey a cakewalk. I got placed in Accolite Digital with 11 LPA and I became capable of making it to six companies. I feel fortunate to be a part of the Department of Information Technology. Our department helped me to grow immensely (both personally and professionally).

Students are informed about various competitions such as TCS CodeVita, Google Kickstart and are encouraged to participate in those and many more. I would always be grateful to my Department Placement co-ordinators, the whole Department of Information Technology and Placement & Training division of Anurag Group Of Institutions.

K Chinmayee Sri Lakshmi

Dept. of IT

I'm Sravya, a fourth-year IT student. I'd want to express my gratitude to my IT faculty for assisting and guiding me during the placement by providing high-quality training. The professors in the IT department are very friendly and approachable. During our placements, they were constantly available and promptly responded to all the queries. From the first year we are prepared for placements which helped me to crack Accolite Digital with 11 LPA and many top companies. The faculty at the IT department focuses on students' career goals by providing proper guidance, and opportunities to excel based on one's strengths and passion. They not only broadened my knowledge but also encouraged me to learn more about myself and overcome my fears.

P. Sravya

Dept. of IT

I am Markanti Bala Suresh of Information Technology Department. I got placed in Accolite Digital with 11 LPA. I would like to thank our department for conducting the effective placement training even in the pandemic through online mode which helped me in securing a placement with good package. The placement training and the efforts kept by our department helped me and many students in cracking assessments, interview and securing a placement. I am very happy to be in Information Technology department because the support, encouragement and opportunities given by our department played the key role in gaining knowledge and securing the placement
